Note

1. Turn off the main power supply before starting the installation.
2. For safety, it is recommended that two people assist during installation.
3. Carefully read all instructions and check that all parts are included before beginning installation.
4. Ensure all wire connections are secure and properly insulated.
5. Handle electrical wires and tools carefully to avoid damage or injury.
6. Do not restore power until the fixture is fully installed and securely mounted.

1

1. Take all parts out of the box and place them on the carpet or floor.
2. Install the expansion tubes into the ceiling.
3. Attach the mounting plate to the expansion tubes using screws.
4. Route the lamp cord through the metal tube and chain.
5. Attach tube H to the lamp body and use the chain to link the canopy and the tube H.
6. Connect wires to the terminal block (ensure power is OFF).

7. Lift the canopy, cover the mounting plate, and tighten the knurled screws.
8. Install the light bulbs (not included).
9. Attach Glass J and Glass K to the lamp body

220-240V a.c, 50Hz 18*E27; Max.40W

If the external flexible cable or cord this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
